## BARUCH DIRECTS CZECH PURGE NOT WORLD PLOT ANTI-SEMITIC

To any one who is informed on past history where the United States has been inveigled into two bloody wars in which our youth and resources were wasted, a look at this picture of Baruch, Churchill and Eisenhower brings a vision of the same picture before World War II when F. D. R. sat in Ike's seat and betrayed our country. At that time Churchill was threatening F. D. R. that if we did not give England 50 destroyers, England would surrender their fleet to Germany. Baruch pressured Roosevelt to agree. When Roosevelt asked Churchill in the event of surrender, to first turn the English fleet over to the U. S. in exchange for the destroyers, Churchill was highly insulted that we would presume to dictate what they should do in case of defeat and refused to do so.

During World War II cablegrams between Churchill and F.D.R. passed through Bernard Baruch's apartment at the Waldorf where Eleanor spent much of her time.

The late William Randolph Hearst, during 1941, outlined Churchill's accomplishments beginning with his activities in Africa and also in the Dardanelles, and sized them all up as "goose eggs", but gave him credit for being the best salesman who was able to twist our so-called statesmen around his little finger. In estimating salesmanship, we must keep in mind that on three public occasions—at a London dinner, at Fulton Missouri and on his last trip to New York—he boasted that he was a Zionist. We therefore see that in his salesmanship he had the valuable assistance of Baruch and the Zionists in the U.S. In other words, Churchill is a Zionist agent. Baruch and Churchill who could not fight two minutes if they had to, are preparing to send our sons into another blood bath—the worst in history. Beginning with the Woodrow Wilson administration, Baruch has been the unofficial President and called the elder statesman, but in fact he is the head of the Invisible Government which has led this country into two major wars and now the war in Korea; raised the national debt from one billion to 300 billion dollars, and opened the government doors to Communism from which we now find in ourselves in fear, confusion and bankruptcy. We are embroiled in trouble all over the world and our country is flooded with disloyal people.

But now, before the inauguration of a new President, the important meetings are held in Bernard Baruch's house. He calls in our leading Senators and Congressmen to give them orders. When Churchill arrives in the U.S., he must first get his instructions from Baruch. Eisenhower, during his campaign, stated in a speech at Los Angeles that for many years he sat at the feet of Bernard Baruch and listened to his words of wisdom. These were words of wisdom for the Invisible Government and international Jewish bankers, but they meant words of blood, debt and fear to the American family.

To any one who has the courage to look into the facts, it becomes apparent that this man who has never been elected to office is really the President under all administrations. Our duly elected officials mean little for they dare not oppose the plan of the Invisible Government as dictated by Baruch, backed up by such Zionists as Felix Frankfurter, Herbert Lehman and the Warburgs. It is Baruch who really makes the appointments for the President's cabinet and other important posts. Baruch is regarded as the most powerful

### GANGSTER FIGHT BETWEEN ZIONIST AND COMMUNIST JEW OVERLORDS OF MARXISM

By KENNETH GOFF

Both Truman and Eisenhower have condemned the Czechoslovakian trial of Rudolph Slansky and his comrades as an anti-semitic purge. The irony of these condemnations is that prior to 1949 when Slansky and his comrades were the Red rulers of Czechoslovakia and Christians were being slaughtered by the thousands not one word was spoken out against these atrocities by either Eisenhower or Truman. Slansky and his gang are responsible for the death of Jan Masaryk and Edward Benes. The Slansky gang turned the city of Prague into a human slaughter house. Christians were dragged from their beds, tortured and killed. Some were sliced to pieces, bit by bit, or branded with hot irons, even poking out their eyes to produce untold pain. Others were placed in boxes with only their heads, hands and legs sticking out. Then hungry rats would be placed in the boxes to gnaw upon their bodies. Some were nailed to the ceiling by their fingers or their feet and left hanging until they died of exhaustion. Others were chained to the floor and hot lead would be poured into their mouths. Many were tied to horses and dragged through the streets of the city while the mob pommelled them with rocks and kicked them to death. Mothers were taken to the public square and there their little babes would be snatched from their arms. A Red would take one of the babies and hold it by the leg, head downward, as he would demand that the Christian mother would recant and deny Christ. When she would not, he tossed the baby into the air as another member of the mob would rush forward to catch it on the end of the bayonet as it fell. As the baby screamed in death throes the other mothers would be given a chance to recant. Dresses would be ripped from the women and the men of the mob would subject them to mass rape and other sexual atrocities. Hundreds were misused so many times that they died on the spot

## Confidential Report Reveals Phase Of Invisible Government

Editor's Note: The following confidential report has been made available to COMMON SENSE for publication. Upon receiving this confidential report we submitted it to some of the foremost authorities on the subject who have agreed with the contents of the report in its entirety. We realize that this information is not only revealing but also shocking and difficult to believe. COMMON SENSE is not in the position to vouch for the authenticity of this report. However, we believe that it fits into the plans of the atheistic plotters for world government.

As you read the following, keep in mind that Westbrook Pegler, while at Chicago during the Republican Convention, during which time Eisenhower was being forced on us, wrote that he visited Winthrop Aldrich twice in his hotel room and Aldrich had brought two suit cases from New York packed with currency.

Dewey and Aldrich made a good team to steam roller all opposition to Ike. It is generally understood that the power behind Dewey, the so-called Republican, is Senator Herbert Lehman, the so-called Democrat, who controls every Jew vote in New York. It is Lehman who keeps Dewey in office.

THE FOLLOWING IS THE REPORT AS RECEIVED BY COMMON SENSE

Preparation of this interim report has been speeded due to the early appointment or selection of cabinet members by President Elect Eisenhower. As anticipated, the majority of the cabinet appointments and key positions in government have been allotted to members of the international banking group who, in the past, and currently have been connected with or engaged in the business of financing revolutionary activities.

A case in point is the selection of Winthrop Aldrich as the next ambassador to England.

Aldrich, as head of the Chase National Bank of New York has represented, and now represents Amtorg and the Soviet Union. Contrary to popular opinion, Amtorg is not only engaged in trading activities on behalf of the Soviet Union, but is the direct arm of the Soviet Government in all branches including the MVD or secret police. Amtorg's representation includes that of:

The Politbureau	Secret Police (MVD)
Komintern	Commissariat for War
Commissariat of Foreign Affairs	
Supreme Economic Council	
Press Bureau	Commissariat of Commerce

The association of Aldrich and the Chase National as above outlined dates back to the year

## Bankers & Bolshevism

—(Continued from Page 1)—

1932—previous to the recognition of Russia by Roosevelt—or the protests of the American people . . . and has continued without interruption to the present time.

Is Mr. Aldrich a fit subject to represent the United States as ambassador to England and as a cog in the wheel in the spending of America's billions to protect ourselves and Europe from attacks by the Soviet Union . . . whose agent he has been for twenty years . . . and still is? Where does his primary loyalty lay?

The answer to that question can be answered by where his loyalty has been placed in the past. It was Wiggins and Aldrich as directing heads of the Chase National who sparkplugged the efforts here that resulted in the recognition of Russia by FDR.

Employed by Chase National, and paid off in current funds for their efforts, according to the evidence, were Senators and Congressmen . . . as evidenced by the copies of letters, cables and memoranda that follow, this being placed in our hands by patriotic members of the armed services.

The copies of the presented documentation are believed by us to be authentic in every respect. The matter of establishing proof that will stand up under a court of law is as difficult as was that of securing the kind of proof that was needed to convict Hiss or the 11 convicted leaders last year. Documentation alone is not sufficient, even though that documentation was proven to have been directly secured by agents of the FBI. Witnesses to the act seem necessary.

Our research organization has no power to compel anyone to take the stand and to testify, to impound copies of cables, or perform any similar act which is needed to verify the reports. That power is in the hands of government and they alone must take action to prove or disprove the charges.

The fact that Aldrich as head of the Chase National represents Amtorg—is common knowledge. Photostats of dividend payments from co-operatives in the Soviet Union, made payable to a citizen here, through Chase National are in our possession.

Interesting in this connection is also the fact that, after Senator Borah died, his safety deposit box was opened and in it was found the sum of \$100,000.00 in bills. This his widow refused to accept and it is our understanding that it was turned in to the U.S. Treasury. Documents seized in the Bridgman raid on communists show backing for Borah for President at that time—a time at which all passports to Russia needed to be indorsed by Borah before they became valid for travel there.

This move to appoint Aldrich as British Ambassador is, we shall show later, quite in keeping with the complete change of propaganda front by communist forces the world over, a change by which the leadership of the frustrated elite in intellectual circles is being replaced by the international banking group who have previously operated in the background . . . as sleepers.

FINANCING OF THE RUSSIAN REVOLUTION

It is quite common knowledge of course that the international banking group financed Trotsky to bring about the Russian revolution. Such arrangements, financial and otherwise, were concluded through the use of diplomatic cables, of which the following is an example.

Letter written by J. Furstenberg to Raphael Scholan (Schaumann)

Sept. 21st, 1917

Dear Comrade:

The office of the banking house M. Warburg has opened in accordance with the telegram from the president of the Westphalian Rhineland Syndicate an account for the undertaking of comrade Trotsky. The attorney (agent) purchased arms and has organized their transportation and delivery to Lulea and Vardo. Name to the office of Hasen & Co. in Lulea, receivers, and a person authorized to receive the money demanded by Comrade Trotsky.

J. Furstenberg

Although this is but several examples of the international banking houses fostering and financing Revolution a complete report as far as Russia is concerned can be secured from the United States Secret Service Report (2nd Army Bureau—communicated to all of the embassies of the allied powers. Section VIII of that report names the banking houses involved in placing the sum of 26 millions of dollars at the disposal of Trotsky . . . through the banking house of "Nye Banken" in Stockholm.

The banking houses involved were, among others — Kuehn-Loeb, the Westphalian-Rhineland Syndicate, Lazarre Brothers, Gunsburg of Tokio and Perograd, Jacob Speyer, National City Bank of New York and the Warburgs. After the successful revolution, the Chase National Bank of New York took on the job of handling the finances of the newly formed government of the Soviets.

SAMUEL GOMPERS

Samuel Gompers of the American Federation of Labor was not at all misled by this combined operation of international finance and the Bolsheviks—as per his statement published in the N. Y. Times, May 7th, 1922:

"I am mindful of the newly adopted policy of the American-Anglo-German Banking Group, which perhaps constitutes the most dangerous element in the whole chain of pro-bolshevik effort in America, because it has its hands on the most power.

The truth is that predatory interests—international finance has its appetite up and believes that it sees loot in Russia.

I know of nothing more cynical than the attitude of European statesmen and financiers towards the Russian muddle. Essentially it is their purpose, as laid down at Genoa, to place Russia in economic vassalage and give political recognition in exchange. American business is asked to join in that helpless, that miserable and contemptible business, THE LOOTING OF THAT VAST DOMAIN, and to facilitate its efforts, certain American Bankers engaged in mortgaging the world are willing to sew among their own people the fiendish, anti-democratic propaganda of Bolshevism . . . buying, intimidating, cajoling."

"There are splendid and notable exceptions but the great powers of the American-Anglo-German financing combinations have set their faces towards the prize displayed by a people on their knees.

Most important is the espousal of the Bolshevik cause by a group of international financiers to conceal and dignify their true function and limitation.

Specifically, the most important banker in this group and speaking for this group, born in Germany as it happens, has issued his orders to friends and associates that all must work now for Soviet recognition.

Gompers also stated in the N. Y. Times, Dec. 31st, 1923 . . .

"International finance is also accurately represented in the hopes placed in and the moral backing given to the British Labor Party and the revolutionary socialism of which it is a member. The 100 percent socialism of that party in home affairs seems unimportant in view of the international program . . . ideal from the view of these cosmopolitan bankers.

Gompers' testimony is exceedingly important as presenting the personal viewpoint of a leading Jew who refused to participate in the looting of Russia and to lead his American Federation down a path of communist revolution—at the behest of Jacob Schiff and Max Warburg—fellow Jews. It is that backbone which is basic in the AFL currently.

REVOLUTIONARY FINANCING IN NORWAY

The international banking groups previously mentioned were not satisfied with underwriting the terror in Russia, but accordingly financed the Norwegian Labour Party to arm and equip 11,600 men for sabotage and revolution in that country to force the establishment of an independent Soviet Republic in the Northern region of Norway similar to the People's Republic in North Korea.

This deal was made under a secret treaty

arrangement carried on between Soviet Russia and the Norwegian Labor Party by none other than the present Secretary-General of the United Nations World Government... Trygve Lie.

Authority for the above is the report of the General Staff of the Norwegian Intelligence Service, dated Jan. 26th 1921.

# WORLD REVOLUTION AT OUR DOORSTEP? WHAT IS UP?

Due to the fact that there seems to be an attempt to have all of Eisenhower's appointments approved in blank—and without the usual investigation and confirmation by the Senate, this report is being considerably shortened and rushed through—to get it in the hands of the Senate this week.

Twenty years ago, at a critical moment, an election was going on—an election resulting in a complete change of the previous trend of government. That change, known as the New Deal—was cooked up in the office of Barney Baruch; and the same thing is being done again this 8th day of Jan. 1953. And it is being done by the same group of international bankers, for whom Baruch is the planner and prime spokesman. Churchill is present to see that his government is out in on the deal.

This time, however, it definitely appears that these financial groups are planning world upheaval... one that will force world government on the American Republic—starting in 1953 and whether we like it or not.

The signs are already appearing over the horizon.

1. The communist intellectuals and frustrated elite are dropping leadership and the international banking groups are taking over the front positions... as stated by Gompers in 1922.
2. Stalin has instructed the government of East Germany not to make any deals with the West German Government for several months, as they anticipate a change of policy.
3. Churchill is refusing to go along with anything that will win the war in Korea—and interfere with British trade.
4. The government of Israel has moved its ministries from Tel Aviv to Jerusalem—in spite of the protests made by the Syrian Delegations to the United Nations.
5. Underground rumblings are now being heard in the U. N. to move the headquarters from New York to Jerusalem—as the location for World Government. The excuse that this is because of persecution by our government agencies is convenient—but a cloak for their real intentions.
6. Eisenhower's cabinet and key positions are practically all from the Federal Reserve banking groups... ready to serve international bolshevism.
7. The Soviet Union has instituted a phony purge of Jews, although Stalin is currently married to a Jewess as is his daughter who is the wife of Kaganovich's son—the most powerful man in the Soviet Union. This is a coverup to take the heat off the international financiers, the majority of which are Jews.
10. A dozen U.S. cities or more have, within the past 18 months, been taken over by U.S. Army groups, the Mayor arrested, the Chiefs of Police jailed—and the towns put under martial law. The army posted proclamations which read that this was being done on behalf of... the armies of the United Nations. Severe penalties were promised all who resisted. The army denies knowledge of who is responsible—and for what purpose it has been done.
11. McCloy has been returned to the United States and the head of the Chase National Bank—in place of Aldrich. McCloy's wife and Adenauer's wife are either sisters or cousins—as is the wife of Lew Douglas... their maiden names all being Zinser. Rather a handy arrangement.
12. Stassen has been appointed head of the Mutual Security Agency, to handle the billion being sent to Europe.

Stassen is not this man's real name, although it is understood that he concedes this. Also that he is not a Swede or a Norwegian but a Slav. A cash reward has been offered to anyone who will come up with his real name and background—so developments are expected shortly.

This rather smooth hatchetman has been spending money like water the past decade—money which he did not have personally and which he must be under obligation to repay in some manner. As far as we can discover—his financing has been advanced by "Jock" Whitney of the Morgan Group, Joe Davies of Mission to Moscow fame, and the Schiff's of New York. He is very pally with the Chase Bank Crowd.

Last Sunday night Walter Winchell made the crack that—"What is being talked about in New York"—is that Western Germany is now a branch of Chase National. During his campaign for President—his Sheraton Hotel office in New York was under the management of the

notorious Anna Rosenberg, communist front Assistant Secretary of Defense... and also on the Board of Columbia University who placed Ike in the position.

Should Stassen be confirmed by the Senate until they find out who his financial backers have been all these years and to whom he is under obligation? That would be a terrible thing to happen.

13. The millionaire foundations, including the Carnegie Fund, Ford Fund, the Rockefeller Foundation—all of them with but a few real exceptions have placed and are placing their millions in the hands of people and agencies that wish to bring about World Government and to destroy this Republic. Not a dime will be given to preserve it.
14. The National Council of Churches have been swung into line to put across the new standard version of the Bible—that which denies the Virgin Birth, as the first universal step to bring about atheism in the Churches... and its membership.

All the accumulated evidence and the experience in 20 years of research of the various members of our organization—sense something that smells to high heaven. It looks like the beginning of Armageddon.

The international banking groups that looted Russia are out to loot the world... with a World Government that will control the world from a single headquarters. They have their appetites up for 1953.

Our salvation may be in the fact that Stalin is jealous and does not wish to lose control of this world movement. He is kicking over the traces personally. The question is not that we will have a World Government—but whether its headquarters will be in Jerusalem or in Moscow. It is our belief that this is going to be put

WINTHROP ALDRICH, SPOKESMAN FOR BANKER BOLSHEVIK COMBINE

over on us, even if the use of the army has to be employed. Why else should the Army be making "dry runs"—taking over cities and towns in the United States... in the name of the United Nations. Only that they wish to gauge the reaction of the people, the press, radio, and other agencies of publicity. So far—they have won hands down—as only the local press made any note of these actions.

## WHAT CAN THE SENATE DO?

The Senate of the United States has the opportunity now to make a thorough investigation immediately and refuse to confirm cabinet appointments from this international banking group—and bring the whole matter out in the open. A start can be made with Stassen and Aldrich—and from this they will glean sufficient information to get to the bottom of it before it is too late. If that is not done... God Help Us

## Czech Purge

—(Continued from Page 1)—

or were mentally and physically incapacitated for the rest of their lives. Pregnant Christian women were chained to trees and their unborn babes cut out of them. Many of the Christians were forced to dig their own graves, then were slowly buried alive. Many atrocities that took place are too shocking to relate, especially the sadistic acts performed upon little children. It was reported that in most villages every Christian woman between the ages of eight and eighty was subjected to rape by the Slansky gang.

Now that another group of Reds have turned on Slansky and his comrades the cry has gone up that the Communists have become anti-semitic. This is pure bunk. I served in the Communist Party for years and the one thing I was always conscious of was that Communism is the product of the Jewish mind. The Jews control the Communist Party. If the Communists were to go anti-semitic they would have

to kill Stalin's wife and son-in-law. They would have to kill Beria, the international head of the N.K.V.D. They would have to kill Lazar Kaganovitch, father-in-law of Joseph Stalin and Commissar of Soviet Industries. They would have to liquidate two-thirds of the central committee of the Communist Internationale. Soviet Russia, and her satellites would have to revoke their laws which forbid anti-semitism and make it a crime punishable by death. To prove this so-called anti-Jewish purge as a hoax and as a means of plunging us into war to destroy Christian civilization, let us go to the inside sources and see what the Jewish leaders on the scene have to say concerning this so-called purge.

Here is what Czechoslovakia's Chief Rabbi, Dr. Gustav Sichl, has to say about the purge. "I want to make it clear that there is no such thing as oppression on the Jewish religion in Czechoslovakia. There is not a single question in this connection about which I have had the slightest complaint. As far as the trial is concerned, I would just point out that criminals can be of Jewish origin as well as non-Jews. For the first time in our history there is a definite law in Czechoslovakia forbidding anti-semitism and declaring anti-semitism a crime."

Emil Newman, Chairman of the Jewish Communal Council of Czechoslovakia, and Doctor Rudolph Iltis, Editor of the Jewish paper VESTNIK RADY ZNO. Both laughed at the idea of persecution and stated that they were both born and raised there in Czechoslovakia and had never felt oppression or anti-semitism. Newman further stated in no uncertain terms, "and as for anti-semitism, I as a Jew, know that if anyone would make an anti-semitic remark I would have the full support of the State Security Police in taking action against them, which is more than any Jew in Britain or America can say."

Here is what Rabbi Abba Silver, one of the Jewish leaders in America, had to say in speaking before 600 persons at the Broadwood Hotel in Philadelphia. "It is hard to believe that Czechoslovakia our best friend, and the Soviet Union, the first to speak up in the United Nations for a State of Israel, are becoming anti-semitic."

Recently the New York Times claimed to have discovered a documentary and anti-semitic word for Jew in a Soviet cartoon. It turned out that the word was "gide", the name of a non-Jewish French writer. Similarly, a couple of years ago, an anti-semitic purge was seen when the name of Lazar Kaganovich did not appear on a list of Politburo members. It turned out his name had been omitted in an error of transmission by a United States wire service.

The question now arises, What was Randolph Slansky and his gang executed for? There are today in Russia 2 million Jews; in Poland 65 thousand; in Hungary 160 thousand; in Roumania 335 thousand. Soviet Russia is desirous that these Jews remain loyal to their Jewish comrades who control the Communist Internationale. In Communism there can be no dual loyalty. Since Israel has been made a State by the United Nations there have been clashes in Jewish communities all over the world over whether their capitol should be Moscow or Tel Aviv. Last year this was a major issue in the Israeli elections. The trial in Czechoslovakia was one in which the Jewish Communist leaders were exposed for allowing Jewish capitalists to remove large quantities of the nation's wealth to Israel. This was also true of the Roumanian Jewish Communist leaders. In America this would have been overlooked by the Administration as good business but not so in a Communist controlled country. No one knows the Jews better than themselves and so what really is occurring is a struggle between the nationalist Communist Jew and the Zionist Communist Jew.

It is an old trick of the Anti-Defamation League in America to pretend to mistake opposition to Zionism, which is a political movement, for anti-semitism. It has always been the policy of the United States to come to the defense of any religious community in the world which was openly being attacked for its religious faith. But it should never be our policy to take sides in a struggle between two groups of Communists. Communist Zionism and Communist nationalism are both enemies of Christ and America. A Communist is a Communist no matter what handle he adds to his name. To involve us in a war to establish a capitol for the Jews, either at Moscow or Tel Aviv, would be treason in its highest sense.

For the last 38 years we have watered the nations of the world with the blood of our Christian sons. We have pitted Christian against Christian nation in a bloody conflict under the guise of saving the world for Democracy; and out of it all the Communist Jew and the Zionist Jew have been the winners. Let's not be duped again.

In the next Congress these issues will hold a prominent position but will be disguised by other names; such as, a fight against the McCarran-Walter Bill, the F.E.P.C. Bill, and Aide to Israel. It is our duty to be alert to these matters that we be not led blindly to our own destruction. For so often the children of this world are wiser than the children of light.

## Baruch Directs Plot

(Continued from Page 1)

man on earth. Many students of theology believe that he is the representative of the Anti-Christ here in America.

At a meeting at the Waldorf Astoria Hotel, New York, on January 6 and 7, at which plans for handling Eisenhower's administration were arranged, the following were present: Bernard Baruch, Winston Churchill, the Eisenhower, John Foster Dulles, Arthur Hays Sulzberger, Adler, Herbert Bayerd Swope (press agent for Baruch), Governor Thomas Dewey (front for Herbert Lehman), Henry Luce, Editor of Life and Time and Harold Stassen, ADL front. All these are vigorous supporters of World Government and completely under the thumb of Baruch. Why not dissolve Congress and let this group run our Government in the open?

We are reminded of the statement made by James Warburg before a Congressional body who said: 'You are going to have World Government whether you want it or not.'

### LETTER FOUND ON A COLLEGE CAMPUS IN A SOUTHERN STATE:

Note: - Moische is a Jewish term of affection and may not be the first name of the recipient of this document.

Little Moische:

Please do not be downhearted because they refused to let you in their fraternity. I am doubling your allowance. We have as much money as any of them, but please remember not to waste it. Let them have their day. Ours will come. Eventually you will hold a high place in the world government, but you should understand our methods now. Make friends with the gentiles, don't let them see how disappointed you are, you must work with them until the day when you can work openly against them. Someday they will pay in blood for the political ideologies. Particularly Socialism and Communism are steps toward our race's assumption of power over every people in the world. You must realize that although it is a great problem to attain power, it is a greater problem to hold it. That is why our race has been so patient about gaining power, why we work so slowly even as today, when we have everything in our favor. We do not want power until we are able to keep it for a thousand years. We sit back and let the Hitlers and the Mussolinis strut for a while. They are only good for one generation. What affect do they have upon history? They increase confusion and help to break down the old order. All this works to deliver the gentile cattle into our hands.

The gentile is unhappy and nervous in this over-developed civilization. We will solve all of his problems for him by fulfilling the Talmud and returning him to the status of the beast in the field. Only we Jews are capable of appreciating civilization. We are the aristocrats who will live by the sweat of the gentile cattle. They will be happiest when they have no decisions to make no family responsibilities, no thought of the future. That is where they will be when the last resistance to the authority of our world government is eliminated, after the Third World War. No power will be able to challenge the hand of Israel.

Then our world government will move rapidly to secure absolute power over every part of the gentile cattle's life. His children will be taught what we want them to know, he will work where we want him to work, we will pay him what we want him to have. Within the space of one generation the gentiles will become beasts. Their present family life will be forgotten. Picture this for yourself, Moische. At the end of the day the gentile men and women will be herded in from the fields and factories by our guards, stripped and shoved into stockades for the night. Their food will be given them in tubs and troughs, we will give them plenty of liquor to ease their aches, and they will eat and copulate as animals, without knowing each other. In the morning, back to the job! Their children will be taken from them at birth, brought up as nameless workers, all this we can do in a few years. Let them strut now, Moische, we'll prove how close they

## AN URGENT APPEAL

Our efforts are continually to accomplish three times as much as is possible with the funds and personnel with which we have to work. Projects are laid in our lap which cannot be disclosed in COMMON SENSE—these are important in trying to save our country. Much has to go undone primarily due to lack of funds. We have grown tremendously and reach all corners of the U. S. and many countries, but with no advertising and a low subscription rate, designedly kept low to reach large numbers of readers, we come under the group known as crusaders and have to be subsidized.

It is best we do not make public how effective our work has been. National matters are at a most critical stage. Our only hope is a crusading paper to expose the evil forces so they dare not carry out their plans to abolish our government and take away our liberties.

At present, COMMON SENSE is faced with three projects of vast importance to a free America. We are about to make an important move which cannot be made public at the moment. In two months or so, Our Lord being willing, and with your liberal help, we will be able to pass this along to our readers, and we are confident you will be proud that you helped us. We also need money quickly to purchase ten tons of paper. Trust in us. Send us the best contribution you can. Surely our Lord will reward you for helping to expose his enemies. We either stand up and fight now with courage and effectively, or we will find ourselves embroiled in the worst war in history. Get into this fight against our enemies within our borders. Every cent goes into the fight. Extend your subscription; get new subscribers. Help us stay on the front line. We need nine thousand dollars before February 10th. If you want to get a large amount to us, there is always a way.

For Christ and Freedom,

If you want to be a big help in the fight to save your country and to preserve your own liberty and freedoms, your best bet at this critical moment is to get on the job and help to boost the circulation of Common Sense up to a million copies. When the Americans are correctly and completely informed on any subject they will always do the right thing at the right time. Circulation of a million copies now will win YOUR fight for YOU. So take off your coat and go to work. MORE distribution and MORE subscriptions in your community may be the "straw that breaks the camel's back". YOU owe this cooperation to YOURSELF and to YOUR CHILDREN. They did not ask to come into this world. You brought them into it. It is your DUTY TO THEM to do your best to keep the world a fit place to live in. But enough Americans are not yet aware of the conspiracy or the conspirators. Until and unless EVERY American knows the "score" this nation is in grave danger of defeat and destruction by the enemy.

## RED HIGHLIGHTS

Michigan State Senator Alpheus Decker stated on Dec. 18 that he would sponsor a bill banning the sale of the Revised Standard Version of the Bible in Michigan. He added that he agreed with protesting clergymen that the revision was "devil-inspired", Anti-Christ and Communist inspired. Mr. Decker is convinced the new Bible is part of a fulfillment of Old Testament prophecy that numerous Anti-Christ movements would be started on the final days of the earth, he declared. . . . . Another UN official, David Zablodowsky, Jew, handed in his resignation recently after being exposed as being a former member of the Red underground. Isn't it odd that the majority of Reds and Communists are Jews? The day before Zablodowsky resigned, David Weintraub, Jew, resigned. . . . . Bernard Baruch said that he would accept a government job in the Eisenhower Administration. This would be similar to the president of a bank accepting a position as a cashier. . . . . Owen Lattimore, who was recently indicted by the Federal Grand Jury, and named by Senator Joseph McCarthy as the top Soviet agent, has for his attorney, Abe Fortas, Jew. Coincidence? . . . . . Sidney Weinberg, Jew, is one of Eisenhower's close advisers. . . . . Oscar Chapman and Joel Wolfsohn, Jew, an assistant in the Interior Dept. to set up law practice together in Washington. . . . . Dec. 21, 1952, the Roman Catholic Bishops were criticized by 250 leaders of the American Jewish Congress for advocating more direct religious instructions in public schools. The Bishops should not feel too badly towards these innocent leaders. Remember the Brotherly love and tolerance that they have been teaching you. . . . . "But take heed to yourselves, lest your hearts be overburdened with self-indulgence and the cares of this life, and that day come upon earth suddenly as a snare. For come it will upon all who dwell on the face of the earth. Watch, then, praying at all times, that you may be accounted worthy to escape all these things that are to be, and to stand before the Son of God." (St. Luke 21:34).

... WORLD WAR 3 seems fast approaching. Only the grace of God we pray for is likely to prevent it. The destructive power of modern weapons of war, warrant the belief that more Americans are likely to be killed in such a war, than died in the seven wars our country fought, prior to the war now going on in Korea. U. S. Veterans Administration figures show that 934,000 Americans were killed in previous wars. The figures are:

	Participants	Deaths
Revolutionary War	395,000	4,000
War of 1812	536,000	2,000
Mexican War	130,000	13,000
Spanish-American War	392,000	11,000
Civil War	2,192,000	364,000
World War I	4,744,000	131,000
World War II	16,535,000	409,000
World War III	? , ? , ? , ?	? , ? , ? , ?

"Present prosperity is underwritten by billions being spent for armaments. It makes one shudder to think what the sudden outbreak of peace might mean to the American economy."
